

NONE BADLY HURT IN FOUR AUTO MISHAPS

Accidents in City and Vicinity Over Week-end Result in Many Badly Smashed Machines

TWO IN RUSHVILLE TODAY

Unknown Driver Crashes Into Truck — Bouncing It Into Another Car — City Truck in Collision

Four automobile accidents over the week end, two of them today, resulted in a number of badly wrecked machines, but no one was seriously injured in any of the mishaps. Three machines figured in a wreck in North Main street, near Ninth street shortly after noon today. A touring car struck a Ford truck belonging to the Charles F. Taylor company of this city, causing the truck to bounce into a coupe belonging to George W. Looney, and which was parked in front of his residence.

The touring car failed to stop, it was said, and the license number was not obtained. The truck was in charge of Ray Williams and Demp Norris, but neither was injured. The front axle on the truck was broken, and a fender bent on the Looney machine. The accident caused a total loss of \$60 to both machines, according to Mr. Taylor. The triangular mishap made a loud crash. The car that escaped probably had a bent fender where it had struck the Ford truck.

A city street department truck and a new Reo coach crashed head-on about one o'clock in front of Homer Havens' residence, 546 North Perkins street, and both machines were smashed up in front, but no one was injured.

The city truck was being driven by Melvin Farthing, son of A. J. Farthing, superintendent of the street department, and an employ of the city. Young Farthing was making a wide swerve to the left, while going south, to go around another vehicle, when the light truck hit the heavy Reo coach.

Fred Conde, salesman for O. F. Bussard, Reo dealer and owner of the car, turned into the curb to try to avoid the crash without success. The front axle of the Reo was twisted and bent and the right front wheel was bent down from the impact with the curb. Both front fenders were also twisted.

The front part of the city truck was almost riddled. The front spring and axle were broken and the fenders were smashed. The right front wheel was masked down and the radiator was damaged.

An accident that might have resulted seriously, occurred Friday evening about 7:30 o'clock just south of this city on the Milroy road when a Hummobile touring car, owned by Robert Conover, grocer of this city, and driven by his son, Ferrell, in overtaking collision with another car, hit a telephone pole and turned over, damaging the car slightly.

Three other boys besides Conover, Frank Green, John Beaver and Ward Hubbard, all of this city, occupied the car, and they were going to Greensburg when the accident happened. The driver was not held responsible for the accident as he was driving at a slow rate of speed when the accident occurred.

COUNTY CHURCHES WILL MEET

Christian Congregations Will Hold AN Day Session at Park

The annual summer meeting of the Christian churches of Rush county will be held at Memorial Park coliseum the first Sunday in August, the second, it was announced Sunday, and large delegations are expected from all of the sixteen congregations in the county.

The sermons at the meetings held during the day will be delivered by the Rev. W. H. Book, pastor of the Tabernacle Christian church of Columbus, Ind., a gifted speaker. He will preach at the regular morning services and at special services in the afternoon, and in the evening he will be the preacher at the union meeting of Rushville churches being held during the summer months at the coliseum.

FAILS TO PAY AND GOES TO JAIL

Elmer Hendricks Must Serve Sentence for Violating Fish Law

Elmer Hendricks went to jail this morning to begin serving a 25 day sentence, upon default of paying a fine of several months ago in police court. He was implicated with several other men at that time, charged with unlawfully taking fish from the river. His fine and costs was stayed, but when he was unable to make payments, he was committed to jail today for the fine and costs.

One other member of the party paid his fine today, and officers were looking for another one, whose time has expired for payment, and will be sent to jail to serve the 25 days, unless payment is made at once.

THUNDERSTORMS MAKE NO IMPRESSION ON THE HEAT

Temperature Remains Close to 90 Degrees, Although Rainfall is Frequent

MORE SHOWERS PREDICTED

Severe thunderstorms over the week-end failed to break the heat wave, and additional showers are predicted tonight, with the weather forecast for Tuesday as being not quite so warm.

The mercury Sunday remained most of the day around the 90 mark, according to Elwood Kirkwood at Mauzy, and today at noon it was 91.

The thunderstorms late Thursday, Friday and Saturday did not bring relief. Rain fell in good quantities in every section of the county during the week-end. An exceptionally heavy rainfall came Saturday before noon, accompanied by a severe electrical storm.

In the storm late Thursday, lightning played a freak trick at the home of Ed Johnson, 1022 North Main street. A tree was struck in front of the house, with the lightning jumping over onto the tin gutters of the house. The lightning reached the electric wires, tore through the meter, and damaged the house wiring considerable. The plaster was cracked in almost every room, but the house was not set on fire.

TO GIVE WEED DEMONSTRATION

A. A. Hansen of Purdue to be at Cullen Woods Wednesday Afternoon

A. A. Hansen, weed specialist at Purdue University, will give a Canadian thistle demonstration in the Cullen woods, one mile west of Rushville on the Shelbyville road, Wednesday afternoon at 1:30 o'clock.

Those attending the demonstration will also be given an opportunity to visit at least two or three farms where there has been serious loss due to poisoning among the livestock.

It is believed that the demonstration will be of practical interest to practically every farmer in Rush county and plans are being made for a large crowd.

"A Day in Hollywood" is Shown For First Time at Noon Today for Cast and Press and Will be on Regular Program at Princess Tuesday, Wednesday and Thursday Nights

"A Day in Hollywood," the Daily Republican moving picture which has been under production here for the past week, was given a preview at the Princess theatre today noon for members of the cast and the press, and surpassed expectations of those who had the opportunity to see it.

The picture will be on the regular program at the Princess Tuesday, Wednesday and Thursday and it is expected that the people of Rushville and vicinity will avail themselves of the opportunity to see the Rushville actors carry through the two-reel comedy.

Charles F. Pettey, the director,

was more than pleased with the completed picture and said he felt it was as good as any he had ever made, and better than a large majority of them. Director Pettey praised the work of the Rushville cast for their interpretation of the parts.

The picture opens with a panoramic view of Rushville that leads into the action of the story, dealing with the troubles of Mr. and Mrs. Henpeck, who are called upon by friends to take care of Baby Ethel, whom they supposed to be a small child.

The complications that arise when Mrs. Henpeck discovers that her husband is promiscuous with a strange woman lead to an automobile chase which ends in the wreck scene that was taken at the corner of Main and Second streets last Thursday. Those who saw the

Four Horses Are Killed in Field on Will Martin's Farm Near Gings—Men Escape Miraculously

Three persons were injured, one seriously, and four horses killed instantly with a bolt of lightning Friday afternoon about four o'clock on the William Martin farm near Gings, when the lightning struck the horses as the men were attempting to unhitch them in the field.

The persons injured were James Gabbart, Wendall Gings, and a boy by the name of Smith, all farmers assisting in the cutting of wheat. All three were rendered unconscious by the bolt, and suffered greatly from the shock.

Gabbart remained unconscious until Saturday, and today had not completely recovered, as the bolt left his mind a complete blank, and he is unable to recall anything what happened at the time, nor can he gather his thoughts together for any coherent conversation. His condition may be worse than expected.

The two other persons were revived soon afterwards by medical aid. The four horses, all hitched to a reaper, were killed instantly.

The accident happened on the farm owned by Will Martin, 312 West Ninth street, this city, and tenanted by Thomas Martin. The latter had gone for repairs for the reaper and was just returning home when the bolt struck.

The men, who were cutting the wheat with the four horses and reaper, were preparing to leave the

TWO ALARMS ARE ANSWERED

Fire Department Summoned When Automobile Catches Fire

The fire department answered two calls Saturday night, one being a machine on fire in front of the F. B. Johnson Drug store in Main street, and the other a false alarm from box 21, Ninth and Perkins streets.

The automobile caught fire about 9 o'clock, and people on the street smothered the blaze before the arrival of the fire trucks, and the car was not damaged.

At 11:15 Saturday night, the box 21 was pulled, and firemen could find no blaze. Numerous false alarms have been coming in recently, and several persons are suspected, according to firemen, and arrests will be made if the practice does not stop.

STEPHENSON MUST GO ON TRIAL FIRST

Judge Hines Gives State Right to Name Order of Trying Three Men For Murder

TRIAL DATE IS UNCERTAIN

(By United Press)

Noblesville, Ind., July 6—D. C. Stephenson, former grand dragon of the Indiana Ku Klux Klan must stand trial on charges of murdering Miss Madge Oberholzer before his co-defendants, Earl Klenck and Earl Gentry are called to face a jury. This was decided today by Judge Hines in Hamilton county court in a ruling giving the state the right to pick the order of trial for the three defendants.

Throughout a long-drawn legal battle Prosecutor Remy had insisted that Stephenson, the principal defendant, be placed on trial first. The ruling was made as one hundred veniremen were waiting for examination in the trial of Gentry, which had been scheduled for today.

Defense attorneys objected bitterly to the ruling and asked that exceptions be reserved as a basis for appeal.

The decision of the court left the date of the trial for Stephenson problematical. The state said it was ready for an immediate hearing and will insist upon it.

It is believed the defense will attempt to obtain a postponement. Eph Imman, chief defense attorney, asked Judge Hines for time to consider further defense rulings and court was adjourned until 2 p. m.

Following this, the senator will return to Indiana to remain until October 1. He has been in Indiana for the past several weeks and has made more than two score addresses at political, patriotic and other public gatherings.

Mrs. Watson accompanied the senator back to Washington, having been with him most of the time while he was in the state.

BOND IS FIXED AT \$2,500

Fred Bever Arrested on Two Charges on Complaint of Willard Cook

Fred Bever of this city, was arrested Sunday by Patrolman Smith on two charges preferred by Willard Cook, one charge being for transporting liquor, and the other charge of carrying a concealed weapon.

The charges were preferred in police court, and Mayor Thomas placed his bond at \$2,500, which he had not given today. The case was set for trial Wednesday.

According to the officers, Bever exhibited honor in the presence of Cook, and also threatened him with a gun that he was carrying. Bever is a butcher, and was formerly employed by Cook.

WORLD TEST IS BY NAIL PRINTS

Same Method as That Used by Doubting Thomas, The Rev. B. F. Cato Shows in Sermon

FIRST UNION SERVICES

Chorus Choir of Forty Voices Provides Music at Sunday Night Meeting in Coliseum

The world tests everybody by the nail prints just as the doubting disciple, Thomas, tested Jesus when he appeared before His disciples after the crucifixion, the Rev. B. F. Cato, pastor of the Main Street Christian church, said in a sermon at Memorial Park coliseum Sunday evening, in the first of the summer Sunday evening services.

The Rev. Mr. Cato preached from a text taken from the twentieth chapter of John, describing the attitude of Thomas, who refused to believe that the risen Christ had appeared before His disciples until he had seen the nail prints in Christ's hands and other evidence of his crucifixion.

A chorus of forty voices, made up of the combined church choirs and directed by O. P. Wamsley, sang several numbers and there was also a solo by Mrs. Derby Green and a cornet duet by William Polk and Robert Gantner. Miss Maxine Brown played the piano accompaniments.

The scripture reading was by the Rev. Gibson Wilson of the First Presbyterian church and the opening prayer by the Rev. E. G. McKibben of the First United Presbyterian church. The speaker was introduced by the Rev. H. W. Hargett, of St. Paul's Methodist Episcopal church, who commented on the fact that it was the first opportunity of people outside his own church to hear the Rev. Mr. Cato.

Mr. Cato stated that it had been his happy pleasure to enjoy to the full the splendid fellowship of the Rushville Ministerial association and added that a vote of thanks was due Mr. Wamsley for the musical program, which was but a foretaste of what might be expected to forthcoming union services.

"Thomas was right in what he demanded but wrong in the way of demanding it," the minister said. "He had the right to demand to be personally assured that the print of nails were there, and he demanded no more evidence than was given to other disciples."

The evidence of any cause is the print of the nails, the speaker continued, and pointed out the language of Christ in convincing Thomas was the language of the world, which tests everybody by his nail prints. The world never believes in any man until it has first crucified him, he said. If a man would preach the gospel of poverty, he must be prepared to live it, the speaker added.

He related the story of the experience of a missionary in Africa who had the "nail prints." "Except I shall see in his hands the print of the nails, I will not believe," says Thomas, quoted the minister, and

DEAF AND DUMB MAN IS FINED

Son Acts as Interpreter When he is Arraigned for Shooting Chicken

Greenfield, Ind., July 6—John H. Cores, age 61, deaf and dumb, of Morristown, was fined \$1 and costs and given a suspended sentence of ninety days, on his plea of guilty to petit larceny in city court here.

It appears that Cores shot one of his neighbor's chickens in the neighbor's field, climbed the fence and got the bird. Mayor Winslow let him off with the light fine because of his age and affliction and the suspended sentence was for the purpose of obtaining good behavior in the future.

It was a most peculiarly conducted trial. The mayor is not conversant with the silent language, and of course Cores could not speak, so an interpreter was necessary in the form of Cores' son. Cores promised to behave and was anxious to be released from jail, where he had been held two days awaiting trial. The total fine and costs was \$16.95.

WORLD TEST IS 6 BY MAIL PRINTS

Continued from Page One
added that those were the words of the world.
"Why does not the world believe in the church?" Mr. Cato asked, and answered by saying because it did not see the mail prints in the church's hands.
"There were no labored theories, no carefully thought-out creeds in Christ's day," the speaker said. "The people believed in a personal saviour."
He declared in closing that by this text, one may test every "Messiah," many of whom are appearing from time to time.

At First U. P. Church

The text at the morning service at the First United Presbyterian church was "So because thou art lukewarm, and neither hot nor cold, will spew thee out of my mouth," Rev. 3:16. The sermon was by the pastor, who said in part:

"These terribly earnest and searching words were spoken by the risen Lord and convey His judgment as to the spiritual temperature of the church at Laodicea. Three kinds of congregations are here referred to.

"The first is the Cold Church. That has a familiar sound, and it has nothing to do with thermometers or the weather. Sometimes it comes from the pulpit. Sometimes it emanates from the pew. Often it is entirely mutual and almost unanimous. It is a case of 'Like people like priest.' Such a church is proud, it is formal in its worship. The externals of worship are considered of more value than its spirit. It is materialistic in its conceptions and plans. It is ambitious. It is worldly. The line between the church and the world has faded. It caters to the world's opinions. It copies the world's morals and manners. It fears the world's criticism. It refuses to allow any mark of distinction to separate it from the world. It

loves what the world loves and hates what it hates.

"The second is the Lukewarm Church. It has one standard for the preacher and another for the membership. Some things he may not do. Some things are said not to be becoming to a preacher which, nevertheless, they feel free to do themselves. The lukewarm church is irregular in its worship. It is careless and self-satisfied and censorious. It says 'I am rich and have need of nothing, and knows not that it is the wretched one and miserable and poor and blind and naked.'

"The third is the Warm Church. It is spiritually minded. It delights to hear the spiritual things of the kingdom. It is rich in faith. It is consecrated and liberal and courageous. Historically, persecution has helped the church. Under it she walked strong in the faith and her numbers were multiplied. Poverty came, but the church helped one another and grew rich in faith and hope and love. Prosperity came and worldly honors and political power and she made terms with the world and parted company with her Lord. Then followed the 1600 years of the dark ages till the time of Luther. A living church will stand the test, a cold church will perish. A lukewarm church will be rejected as a distasteful and nauseating morsel."

THANKS FOR "TREAT"

Dr. H. V. McCully provided the refreshments for the boys and girls of the First Presbyterian Daily Vacation Bible school, Friday, when they went to the candy kitchen, and one of the boys today addressed a letter to the Daily Republican, publicly thanking Dr. McCully for the "treat."

Miss Martha Kennedy, daughter of Mr. and Mrs. Charles Kennedy of Mays, underwent an operation this morning at the Dr. Sexton hospital for appendicitis.

SENATOR AND SON FANS

Washington, July 6—It is a question which is the more ardent baseball fan—Senator James E. Watson or his sixteen year old son, Joseph Cannon Watson. Young Joe Watson likes to attend the games played by the Washington world's champion team, but he also enjoys participating in the school team games. The Senator was the first baseman when he played on the ball team at DePauw university. Both the Senator and his son keep tabs on the box scores of the major league teams and either one of them can give you the record of most any of the famous players. Young Joe Watson has many boy friends, but his best chum is his senatorial father.

field, as the storm was looming within close distance. They were all engaged in whitening them, and had told of the breast chains, when the bolt struck the horses.

It is regarded as fortunate that the men escaped with their lives. One of the men was burned about the thigh when the lightning made a deep wound where his pocket knife was located, and the clothing was burned at this point.

Mr. Martin's loss of the four horses was protected with insurance. The reaper was not damaged.

Lightning struck a chimney on the home of John Woods in Arlington Friday evening and caused considerable damage to the interior of the home. Soot was blown into four rooms when the flue stops were knocked out.

A baby boy was born to the wife of Fred Osborne, Saturday at 5 p. m. at their home south of the city. The baby weighed seven pounds and was named Russell.

JUDGE COLLINS SCORES CHANGE OF VENUE LAW

Indianapolis Jurist Says Attorneys Are Playing Tag, Jumping to Other Courts

SAYS WHOLE SYSTEM WRONG

Indianapolis, Ind., July 6—Legal procedure in the Marion county courts has become a game of tag with attorneys hopping from one county to another on changes of venue with startling rapidity, according to Judge Collins, of the criminal court.

"The change of venue system is outrageous," Judge Collins declared. "The number of cases taken from the county on change of venue has increased until I don't know what we are coming to."

"I don't believe this is about the only city in the country where the courts don't dispose of their own cases. The whole system is wrong."

"Marion county has cases spread out all over adjoining counties and attorneys play a game of tag going from one county to another for their cases."

Judge Collins' remarks were occasioned by the declaration of Floyd Christian, attorney, that he did not know when he would be able to go ahead with a case pending against the William H. Block company.

Christian is a defense attorney in the case of D. C. Stephenson, Earl Kenck and Earl Gentry, who are scheduled to go on trial at Noblesville on July 6 charged with the murder of Miss Mildred Oberholzer.

Christian sought indefinite delay in the Block case pending completion of the Stephenson trial.

Many Rushville Folks Are Showing How to Avoid Needless Suffering

There's nothing more annoying than kidney weakness or inability to properly control the kidney secretions night and day alike, the sufferer is tormented and what with the burning and scalding, the attendant headache, backache and dizziness, life is indeed a burden. Doan's Pills—a stimulant diuretic to the kidneys—have brought peace and comfort to many Rushville people. Profit by this Rushville resident's experience. Clair Maple, stationary engineer, 930 N. Arthur St., says: "My kidneys were out of fix and I had backache. There was lameness across my back. Catches across my kidneys were bothersome, too. My kidneys didn't act often enough and every now and then, headaches came on. Doan's Pills, from Hargrove & Brown's Drug store, rid me of every sign of kidney trouble."

TAKE STEPS TO CALL JOINT CONFERENCE

Gov't Wants China to Consider Abolition of Foreign Extra-Territorial Rights

PROVIDED IN RESOLUTION

Contemplates Appointing Special Commissioner to Meet in Shanghai With China

By LUDWELL DENNY
(U. P. Staff Correspondent)

Washington, July 6—The United States government is taking immediate steps to call a joint conference of the powers in China, to study possibilities of abolition of foreign extra-territorial rights as provided in a resolution passed at the Washington arms conference.

This information was obtained from a high administration official today, who explained that this government is ready to abolish extra-territorial rights in China under certain conditions.

Minister John Van A. MacMurray, who is enroute to his post at Peking, is being advised of the administration's decision, it was said.

This government contemplates appointing a special commissioner together with experts to meet in Shanghai or Peking and will request the other treaty powers to do likewise.

Major conditions under which the United States would agree to gradual abolition of extra-territorial are:

1—Codification and unification of international law.

2—Establishment of a responsible Chinese judiciary.

3—Acceptance by rival native factions of an authoritative and responsible central government capable of protecting legitimate foreign interests.

After the first condition is met the United States is agreeable to the present foreign judges administering Chinese law pending fulfillment of the other two conditions.

The administration has finally decided that in view of the present anti-foreign demonstrations and the demands of the Chinese governments that no time should be lost in holding the conference to consider the matter.

The joint conference of the commissioners would presumably be in session several months but this government will do all that is possible to hasten a decision.

The official attitude of this government declined to indicate the attitude of other powers, but it is understood this government is formally trying to overcome objections of Great Britain and Japan for an immediate conference.

Since the powers agreed in the Washington arms conference, resolution to revision of Chinese treaties

Hot Weather Hints

A suit, dress or any other garment is so much cooler and more comfortable when it is clean and a suit looks so much neater and more dressy when it has a good press in it. Don't neglect these facts, for personal appearance counts much and it must not be right just in cool weather and neglected in warm weather. To dress well and look nice, means the year 'round—not just at times.

RACE MEETING TO BE 2 DAY AFFAIR

Postponed from Saturday on Account of Wet Track to Next Friday and Saturday

PROGRAM IS ENLARGED

Purses Amounting to \$1,075 Offered and Horses are Coming From Many Places

A wet track making necessary the postponement of the Fourth of July race meeting here was an "all wind that blew somebody good," judging from reports at the old Riverside park track today, because, on account of the large number of horses coming in, a two-day race meeting will be held next Friday and Saturday and the program has been enlarged, with cash purses amounting to \$1,075, in addition to a cup and lap prizes in the automobile race.

W. S. Oneal, superintendent, estimated today that there would be between 45 and 50 race horses here for the two-day program. Fourteen horses came in Sunday from cities in this part of the state which had race meetings on the Fourth, many of which had to be called off. Next week end is an open date and it is expected that horses will be sent here from many points. There are now 35 horses in the barns. Mr. Oneal said, counting the horses which were here for the races Saturday, and others are expected.

The Ford race will be held Saturday and entries may be made up until Thursday evening. G. W. Poston, superintendent, announced today. The race will be for 15 miles and the purse will be \$25. Lap prizes were announced as follows:

Chas. F. Taylor Co., \$5; J. C. Caldwell, \$5; O. F. Bussard, \$5; Rushville Implement Co., \$2.50; C. H. Tompkins, \$1; George Urbach, \$1; Howell Bros., \$1; Ollie Brown, 10 gallons of gasoline; Rushville Motor Sales Co., one Turner timer.

Concessions here Saturday will remain, it was announced. There is good water and shade on the grounds and parking space will be free. The bleachers have been covered for the comfort of the spectators. The admittance will be 50 cents each day.

New York—"Perhaps I may be able to beat her when she grows old," Miss Helen Willis, national tennis champion, replied when asked what she thought about a match with Miel. Suranna Lenglen who staged a comeback at Wimbledon last week. Miss Willis is at Forest Hills training for the big eastern tournaments.

Brighton, Eng.—"The tide does not bother me much, but the water is so cold I hardly can get used to it," Miss Gertrude Ederle, young American girl who is training here for an attempt to swim the English channel, said.

HIGHLY TOUTED TEAM DEFEATED ON SUNDAY

Rushville Tail Lights Allow Aggregation of Salaried Players Only One Score

SHAW ALLOWS THREE HITS

The Rushville Tail Light baseball team journeyed to Summitville on Sunday and took the much touted team of that place over to the tune of 11 to 1.

Summitville is made up of a strictly paid team and has players from Muncie, Anderson and Marion in the lineup, all receiving a salary. It was a real credit to Rushville to win this game as the local team is made up entirely of local talent.

Rushville started in early yesterday and scored two runs in the first inning on hits by Sharpe and Bennett. Rushville also scored twice in the fourth and fifth and had a big inning in the seventh and scored five times.

Summitville secured their lone tally in the ninth inning when Rushville after having two outs on Summitville, gave them the lone run on an error and a passed ball.

Rushville received fine applause from the large crowd which numbered close to a thousand people. Eight machine loads of rooters went from Rushville to see the game.

Shaw pitching for Rushville only allowed three hits and struck out six batters. The Rushville men secured eleven clean hits and knocked three pitchers out of the box.

The local team has hit its stride and the past three games have shown the local fans that there is a real ball club in this city. The team needs the support of all the baseball lovers of the community.

Score by innings.

Senators Will Stick

By HENRY L. FARRELL
(United Press Sports Editor)

New York, July 6.—It is a legend of major league baseball that as the teams stand on July Fourth they will finish in October. It does not mean necessarily that the pennant races are over or that the team in first place will win the pennant but it is an established fact that the championship battles are fairly well settled in early July and that the teams around first place good for the remainder of the season.

It seems certain now that the Washington Senators and the Philadelphia Athletics will fight it out for the American League and that the New York Giants and the Pittsburgh Pirates will settle the argument in the National League.

Many critics believe that the Senators will fight it out for the American League and that the New York Giants and the Pittsburgh Pirates will settle the argument in the National League.

LAKIN FANS SIXTEEN IN GAME AT CARTHAGE

Rushville Cubs Defeat Opponents Saturday, Locals Founding Out Twelve Hits

CUBS WANT MORE GAMES

Sixteen Carthage batesmen went down swinging on strikes before Lakin, star pitcher for the Rushville Cubs, in a game played at Carthage Saturday, and in which the local team won 9 to 1.

The Cubs pounded out twelve safeties, which with several errors and passes, enabled them to count up the 9 runs. Lakin allowed only three hits, two of the scratch variety, and the rest of the team fielded their few chances well, making only one error, and completing two double plays.

The Cubs are anxious to hear from Arlington, Raleigh and Homer for games. Address James Warth, at 351 East Tenth street, or call 2342. Score by inning:

Cubs 001 214 001 — 9-12-1

Carthage 010 000 000 — 1-3-5

KEEPING ONE EYE ON THE SCORE BOARD

Yesterday's Hero—Rice, young Brown outfielder, singled in the 13th inning and drove in the run that beat the Tigers 6 to 5.

Gus Felix hit a homer in the eighth inning with one on and gave the Braves a 4 to 2 victory over the Robins in the second game after they had won the first game 4 to 1.

Kremer held the Cubs hitless for seven innings and the Pirates won 3 to 2. Traynor got two doubles and two singles in four times up.

The Giants knocked Jimmy Ring out of the box and beat the Phils 8 to 3.

Luque issued eight passes and helped the Reds lose to the Cardinals at 3 to 1.

for the yarn since the war. The players, however, have complained for three years, that the ball had been changed and they predicted that some player would be killed if something was not done to curb the vicious hitting.

It was significant that before the first of July the major league sluggers had hit more than 500 home runs, something that would have drawn a laugh of derision if it had been predicted ten years ago. In all the history of baseball there never has been such a record for hard hitting.

McGraw blamed the wreck almost entirely upon the lively ball that he says is being used and he was the first manager to go on record with an admission that there was a jump in the new ball and a dangerous jump. Previous to that no manager had disputed the magnates when they said that the new life in the ball was the result of a superior quality of wool that was available
